

2021 Grant Making Guidelines The Lake County Community Foundation

** New in 2021 **

2021 BASIC HUMAN NEEDS GRANT CYCLE: LCCF board and staff recognize that the COVID-19 pandemic has had a substantial effect on our county’s nonprofit sector as our health and human service partners have faced increased demand for services and setbacks to their budgets with cancelled fundraisers, donor fatigue and more. In response, the Foundation will provide flexible, general operating grants for its Basic Human Needs priority area. Thus, LCCF is implementing two significant changes to its 2021 Basic Human Needs Competitive Grant Cycle:

1. The Foundation will only accept general operating funding requests. No project-based requests will be accepted for this cycle.
2. The Foundation will implement a letter of inquiry (LOI) process for the 2021 Basic Human Needs Competitive Grant Cycle (an LOI will not be required for our Fall Competitive Grant Cycle). Please see below for additional information about this change to our process.

Please also note that like last year, the Foundation will have two competitive cycles: one for Basic Human Needs in January and one mid-year that encompasses our Early Childhood Education, Leadership Development and Animal Welfare priority areas.

Grant Priorities

The Lake County Community Foundation accepts proposals that fall within its four funding priority areas:

Addressing Basic Human Needs (BHN) Priority Area

The Foundation continues to support organizations that work collaboratively to address the most basic needs of our residents. **With the onset of the COVID-19 pandemic and the significant rise in need across the county, the Foundation will provide flexible general operating grants for the 2021 Basic Human Needs Competitive Grant Cycle. The Foundation will prioritize organizations meeting the most basic needs of our neighbors during this challenging time for so many in our county.**

Grant requests of a minimum of \$10,000 to a maximum of \$20,000 will be considered.

Funding Level Guidance

Proposals for BHN priority area are considered:

\$10,000 - \$20,000

*Up to 10 grants

We believe Lake County’s basic human needs can be met when *everyone* has equitable access to:

- Affordable, nutritious food
- Affordable, comprehensive health care
- Safe and affordable housing
- Transportation
- Education and workforce opportunities
- Immigration and legal support services

The Foundation’s goal is to invest in work that allows people who are disproportionately affected by lack of access to obtain support in several areas of extreme need through wrap around services, a continuum of care, or close collaborations with other providers.

General operating grants will be prioritized for work that:

- Addresses barriers to access of basic services and benefits for the most vulnerable residents of Lake County
- Addresses otherwise unmet basic needs as the only service provider in the area

Basic Human Needs Competitive Grant Cycle Process

NEW - For the 2021 Basic Human Needs Competitive Grant Cycle, the Foundation is implementing a letter of inquiry (LOI) process. The 1-page LOI template will require organizations to briefly summarize their funding request and expected outcomes. The LOI will be available on the LCCF [website](#) by **Jan. 6** and will be due via email by **Jan. 29**. LCCF will then review submitted LOIs and will select 10-15 organizations to invite to submit full proposals. Full proposals will be due by **March 5** via email.

As described above, the Foundation has implemented a new letter of inquiry process for its Basic Human Needs Competitive Grant Cycle – see *Basic Human Needs section for details and timeline*

Background

The Lake County Community Foundation asserts that the quality of life of Lake County can be improved through an earnest effort to bring community members, organizations, government, businesses, corporations and civic leaders together to establish a common vision, adopt a shared set of measurable goals and pursue evidence-based activities that reinforce those goals as a means of addressing the most pressing needs of our community.

By being proactive in identifying opportunities that advance its mission, the Foundation will focus on making measurable impact on high priority issues with its limited available funding and additional resources. The Foundation envisions a countywide health and human services delivery system that is robust and thriving with a network of providers capable of achieving the greatest impact on the growing and changing needs of the most vulnerable residents of the county. With an emphasis on partnership and collaboration, while using innovation and organizational strength as its compass, the system will foster transformational change in communities across Lake County.

Foundation Mission

The mission of The Lake County Community Foundation is to improve the quality of life of the most vulnerable residents of the county by providing civic leadership, promoting collective philanthropy and partnering with our grant recipients. In pursuit of this mission we act as a:

- **CATALYST** – by mobilizing community leadership to find and fund collaborative, innovative approaches to address Lake County’s most pressing issues.
- **CONNECTOR** – by maintaining in-depth knowledge of the nonprofit sector, sharing it with others and building partnerships that strengthen our community.
- **GRANT MAKER** – by leveraging the power of collective philanthropy to pool charitable dollars to achieve the greatest possible impact.
- **STEWARD** – by acting as a trusted guide of donor resources and partnering with community-minded individuals, families and organizations to ensure a legacy for charitable solutions.

Foundation Values

The Lake County Community Foundation, honoring a century old tradition of community philanthropy, awards grants to nonprofit organizations that are addressing the most pressing needs of residents in our county. As a community leader and steward of donor resources, the Foundation believes that large scale social change requires broad, cross-sector coordination versus isolated intervention.

Recognizing that successful grant making is rooted in clearly articulated values, the Foundation envisions a community that models:

- **Community and Connectedness**
- **Civic Leadership**

- Integrity
- Innovation
- Opportunity

Diversity Statement

The Foundation believes that the diversity of our community is a fundamental strength of our region. Our mission to improve the quality of life for the most vulnerable residents of Lake County is best fulfilled when we embrace diversity as a value and a practice. We define diversity to include (but not limited to) age, disability status, economic circumstance, ethnicity, gender, race, religion and sexual orientation.

The Lake County Community Foundation requires all applicants to either adopt the Foundation’s [Diversity Statement](#) or have a similar policy adopted by their boards. Additionally, the Foundation asks that applicants provide demographic data on board and staff as well as clients/beneficiaries of the projects. The Foundation believes that the board and staff composition of grant recipients should reflect the diversity and demographics of the community being served and include diversity among its leadership at the board and senior staff levels to ensure variation of perspective across all decision-making levels. For this reason, the Foundation does take into consideration the demographic make-up of the board, staff and clients of a grant applicant as an important evaluation criterion.
