CHARITABLE GIVING FUND GUIDE

Do you have a special charitable dream that you would like to fulfill? Maybe your life or the life of a loved one has been helped by a particular organization. Perhaps you feel strongly about a cause. Or, you may want to create a legacy or pass along values to future generations.

Whatever your motivation for giving, the key to a rewarding experience is to find the best fit between your charitable dreams and financial resources to achieve your goal.

Consider establishing a charitable giving fund
with The Lake County Community Foundation
to support the community you love.

2021

At The Lake County Community Foundation, we believe in the power of community and philanthropy to change lives. LCCF can help you match your passion with your philanthropy.

Now in its 15th year in Lake County, LCCF works as a catalyst for generosity and change; a connector of donors, partners, dollars, ideas and organizations; and as the permanent steward of charitable funds dedicated to Lake County and our most vulnerable residents. As a geographic affiliate of The Chicago Community Trust, one of the nation's oldest and largest community foundations, LCCF provides a variety of charitable giving services to assist individuals, families, corporations and institutions in achieving philanthropic goals.

FUNDS & SERVICES OFFERED

DONOR ADVISED FUNDS

A donor advised fund is a philanthropic vehicle that allows donors to make a charitable contribution, receive an immediate tax deduction and then recommend grants from the fund over time. A fund allows donors to remain actively involved in distributions from the fund during their lives and, if desired, the life of a successor generation of advisors by making grant recommendations for approval by LCCF's executive director. A maximum of two generations of successor advisors can be named. A donor advised fund can be a creative, economic and more efficient alternative to establishing a private foundation.

DESIGNATED FUNDS

A designated fund allows a donor to designate a specific charitable organization or organizations as the recipient or recipients of the distributions from the fund. LCCF, as an affiliate of The Chicago Community Trust, ensures that the designated recipients receive support as long as they remain in existence and continue to fulfill their intended charitable purpose. Designated Funds are often funded with estate gifts.

AGENCY FUNDS – ENDOWED AND NON-ENDOWED

An agency fund is held and managed by LCCF as the sponsoring organization on behalf of the nonprofit organization, or agency, which is both the donor and the beneficiary of the fund.

- A **PERMANENT ENDOWMENT FUND** gives organizations the opportunity to create a fund that generates investment income, year after year, which is then paid out pursuant to a spending policy. The permanence of an endowment fund is both appealing and reassuring to donors and nonprofit boards of directors who seek the enduring value of a dedicated source of income to support the organization they love, today and forever.
- A **NON-ENDOWED AGENCY FUND** gives organizations the opportunity to build non-endowed dollars in a professionally managed fund that can generate investment income, year after year, but also remains fully accessible with a vote of the nonprofit's board. A portion of the earned income can be drawn down in set annual payments or reinvested in the fund to grow over time, according to the organization's needs. It's a flexible, cost-effective way for nonprofits to build funds for a project or future operational needs.

PLANNED GIVING – THE LAKE COUNTY LEGACY SOCIETY MEMBERSHIP

The Lake County Legacy Society recognizes individuals and families who have chosen to shape Lake County's future by making a gift to The Lake County Community Foundation in their estate plans. By doing so and agreeing to be publicly recognized, this inspires others to consider such long-term gifts for the benefit of Lake County. These can take many forms, including designated bequests for specific fields of interest or unrestricted estate gifts.

FUND POLICIES & PROCEDURES

HOW TO RECOMMEND A GRANT

Grant recommendations may be made by any person designated to make a recommendation, (e.g., donor advisors, additional advisors or successor advisors). Successor advisors are only allowed to make grant recommendations after the death of the original donor.

To simplify the grant making process, The Lake County Community Foundation uses an online donor portal called Instant Impact to support grant making from donor advised funds. At the time your fund is established Foundation staff will set you up with an Instant Impact account enabling you to:

- Make grant recommendations from your fund
- View your fund's spendable balance
- Review your previous grant making history

Should you choose not to use Instant Impact, our staff can work with you to facilitate the grant recommendation. For this, we require the name, address and telephone number of the recipient organization. You must also provide a point of contact at the charity receiving the grant. As a part of our charitable giving program, The Lake County Community Foundation will undertake its own due diligence procedures to ensure the recipient organization is a qualified charity. In addition, LCCF will send payments directly to the charitable organization, not to or through donors or designated advisors.

GRANT TIMING

Typically, grants are processed in 5–10 business days; however, it may take up to 14 business days from the time a grant recommendation is received for a grant check to be mailed to the grant recipient. If a grant is not approved, is delayed or if more information is required, LCCF staff will contact you. You can review your past and pending grants using Instant Impact.

GRANT ELIGIBILITY

Grants may only be made to qualified charities organized and operating anywhere in the United States. A qualified charity is a U.S. tax-exempt organization as described in Section 501 (c)(3) of the Internal Revenue Code or a governmental entity described in Section 170 (c) of the Code, only if that organization or unit also qualifies as a public charity as described in Section 509 (a)(1),(2) or (3) of the Code or a private operating foundation described in Section 4942 (j)(3) of the Code. Places of worship, government and municipal entities and most educational institutions qualify. *Grants may also be made to any international public charity with U.S. based public charity affiliates.*

GRANT SIZE

The minimum grant size is \$250. There is no limit on the number of grants that can be made from a fund, so long as the fund has sufficient assets.

GRANT PROHIBITIONS

A fund may not be used to make grants that personally benefit a donor or an advisor or satisfy a pledge obligation of the donor or advisor, e.g., a grant cannot be used to pay membership fees, dues, tuition, purchase tickets for a benefit or purchase items at a charitable auction or sweepstakes. The fund may not be used to split payments to a fundraising event (a “bifurcated grant”) e.g., paying the non-charitable portion individually and the deductible portion from the fund. Pursuant to the Internal Revenue Code, LCCF will not approve grants to individuals, private non-operating foundations, political candidates or parties or for lobbying purposes.

DONOR RECOGNITION

Donors may choose from a variety of recognition levels:

- Reference the fund name only
- Reference the fund name and individual names
- Recognize “in honor of” or “in memory of” an individual
- Remain anonymous

ADMINISTRATIVE FEES

Fees support fund and grant management, investment oversight and reporting as well as the general operations of the Foundation. Administrative fees are 60 basis points (.6%) annually, and may vary depending on the type of fund. For more information regarding fee structure, please contact LCCF.

FUND REPORTING

Statements will be mailed to you quarterly to keep you apprised of your fund's status. These statements will reflect a summary of fund balances, investment allocation, contributions to the fund and grants made from the fund. In addition to receiving these quarterly statements, you may access your fund's spendable balance and check on the status of your grants using our online platform, Instant Impact.
